

Stay Covered

YOUR NEXT STEPS MADE SIMPLE

A change in employment shouldn't leave you without the coverage you need. Benefits All In (BAI) specializes in helping you find health coverage that works for your situation and budget.

You have more options than you may think.

BAI can walk you through each one so you can make a confident, informed decision.

After your employment ends, your dedicated Education Resource Specialist (ERS) can review your options side by side so you know exactly what fits your needs and budget.

Marketplace

Interested in a new plan? Your ERS can compare Marketplace options on the doctors, prescriptions, and deductibles that matter to you.

Medicaid

Not sure where you stand? Your ERS can explain Medicaid eligibility and what that coverage would mean for you and your household.

COBRA

Want to keep your current plan? Your ERS can walk you through your COBRA rights and what happens to the deductible you've already met.

Coverage decisions after a job change are time-sensitive. Reach out to your Education Resource Specialist as soon as you can and they'll walk you through your deadlines.
